Trustee Board Update

STUDENT MEMBERS' MEETING

Update since last Meeting (May 2022)

- Continued focus on the financial viability of SUBU alongside articulating the value and impact of SUBU to its members and stakeholders.
- To support this, a framework for measuring SUBU's outcomes and impact has been developed. An impact report is under development for releasing in June 2023.
- A review of SUBU's commercial services – the income generated from our bar, café, shop and nightclub as well as the summer ball is critical for SUBU. The pandemic and changing behaviours have affected our income and the Board commissioned an operational review as well as in-depth market research with students and staff. A new commercial strategy will be launched over the summer.
- The launch and implementation of a People Plan – this includes strategies and actions to empower and support SUBU staff in their role, helping them grow, develop and deliver their best work at SUBU.
